

## Registration Fees

Special Olympics Kansas (SOKS) will financially assess each Local Program for the total number of athletes and coaches attending a state competition from their Program. This registration fee must be paid to SOKS **prior** to the Program's participation in the competition. A Local Program is to submit the fee to SOKS following the 1<sup>st</sup> call-back to establish the actual number of athletes/coaches attending a competition. This is the number utilized to establish your registration fee.

### Registration Fee Schedule
