- ◆ **Hobby:** Wood working and home repair

“Anytime I get to see my athletes improve, have fun, and enjoy their accomplishments, I feel accomplished and proud.”

Ed works for USD #437 school district. He thoroughly enjoys working with the students and making an impact in their lives.

Special Olympics has taught Ed to have more patience. Before participating in Special Olympics, he had not truly developed a great sense of it, but working with the athletes enabled him to attain this important attribute.

Ed's accomplishments showcase his tenacity - he was selected as the 2010 Secondary Educator of the Year for the USD #437 district and was the KWCA Assistant Wrestling Coach of the Year .
