“I am excited to attend the USA games because for the first time I will get to represent my team and the state of Kansas!”

James' dream job is to work for the railroad. He has a great sense of humor, and volunteers with Meals on Wheels with his day services.

Special Olympics has given James the opportunity to make new friends, learn to compete on a team, and come out of his comfort zone.

James was inducted into the Special Olympics Kansas Hall of Fame 2016.
