- ◆ **Sports Team:** All Kansas Teams
- ◆ **Hobby:** Crochet

“Attending the USA Games is an incredible honor. To be able to help athletes participate and prepare to compete at the national level is great!”

Rose has worked at CTME for 20 years. In her spare time, she volunteers with Girl Scouts and Boy Scouts. She loves to bake and will try almost any recipe at least once. She always has at least one crochet project going.

Special Olympics has taught Rose to be more accepting of others' differences and has also taught her patience. Working with several skill levels has helped her learn how to take care of and accept her mother's Alzheimer's.

Rose was honored Coach of the Year for Special Olympics Kansas in 2015
