### **Spikes & Strikes Fact Sheet**

All athletes must attend a regional event if they want to participate in the Spikes & Strikes Classic. This only applies to the events that are offered at the regional level. If your area does not offer a sport, an athlete can register for state without attending a regional competition. **All registration forms must be sent into the regional office by the registration deadline set by the regional director.** From this information headquarters will transfer the athletes into our games system and an email with detailed information will be sent to the games contact; then the games contact will call the Headquarters Office and verify all of the athletes attending the games, meal numbers, coaches, etc. From the call back information, a bill will be sent to the local programs.

Every athlete **MUST** have a completed SOKS Medical Release form or Health Information Update on file in the Headquarters Office prior to participation in any Special Olympics activity. Do not register an athlete on the Master Roster if they do not have a current medical on file in the SOKS Headquarters Office. Local Program Coordinators are responsible for these forms and must have them available at all times during the Spikes & Strikes Classic. All Down syndrome athletes must have a copy of the Down syndrome Addendum on file in the SOKS Headquarters Office prior to participation in any Special Olympics activity.
