6. All athletes (with the exception of the following) will bowl two (2) games. The following groups are given a choice of whether they want to bowl one game or two. If they bowl one game, their score will be doubled: 8 – 11 year old & Ramp Bowlers.  
  
Those bowlers who choose to bowl one game must make the decision before they begin their 1<sup>st</sup> game. Score will be doubled.
7. There will be a separate division for ramp bowlers
8. The only people that can be on the lanes are the bowlers and the lane volunteers.
9. Exception to #8 – coaches that assist ramp bowlers. 1 Coach per athlete at a time.

VOLLEYBALL ABILITY DIVISIONS/RULES  
(May 2018)

**Basic for all Levels – KSHSAA Rules will be followed with the following SOKS modifications being used in place of the KSHSAA rule.**

Teams consist of 6 players. A team must start a game with 5 players, but if the team starts with 5 players the team will play with a ghost player and when the ghost player is supposed to serve it will be an automatic side out and a point for the other team.

Whenever the 6<sup>th</sup> player arrives for the game, they can enter the game at the next dead ball and participate without penalty.

Matches are best two out of three games.

Games use rally scoring – one team receives a point after each serve.

Games are played to 25, unless it is the 3<sup>rd</sup> game which is to 15.

Team must win by two points.

Coin flip determines team with first serve.

A serve that hits the net and goes over the net is in play.

After the first serve of the game has ended, the next team to serve must rotate....team should start the game with their first server in the right front position.

Front row players cannot spike a serve.

**Level I**

Teams will play standard 6-person volleyball with no adaptations to the court or the rules of the games. Spiking and blocking are allowed. Net height will be 7'4".

**Level IIA**

Standard Volleyball except:

1. No spiking - it is not considered a spike if the initial trajectory of the ball is upwards and not straight down; even if the player uses a spiking motion to hit the ball

**Level IIB**

Standard volleyball except:

1. No spiking – Net height 7'4"
2. 5 serve limit per person then automatic team rotation
3. 10 minute per game time limit
4. Serving line 10' in from the base line. Athletes can serve from anywhere behind this line. If the athletes serve behind the 10' line but in front of the end line the serve must be underhand. If the athlete serves from behind the end line an overhand serve is allowed.
5. A coach is allowed to hold the ball for an athlete to serve if the athlete needs assistance – once the ball is served the coach must stay in the out of bounds area.

### **Level III – Training Division**

1. Use a “trainer v-ball” – 40% lighter & 25% larger than a regulation ball
2. Court will be 30’ X 40’ with underhand service from the end line
3. 5 serve limit then automatic side out
4. 10 minute per game time limit
5. One coach may be on the floor to assist their team
6. Wheelchair/walker athletes can participate in this level only.

### **Unified® Volleyball: Level 1 rules except**

1. Partners cannot spike, but may block at the net.
2. If the ball is hit more than once by a team, an athlete must hit the ball.
3. The serving order must alternate between athletes and partners.
4. Athletes must choose between Unified® or regular Special Olympics volleyball. An athlete CANNOT play in both divisions.
