ATHLETICS

Held at Maize South High School and surrounding area. Please see the Athletics Schedule of Events located in this handbook. For the event to stay on schedule, it is imperative that athletes report to staging when their events and age groups are called. Please review the following events and staging areas.

ATHLETICS TRACK EVENTS STAGING

Athletes participating in running events will be staged in the main staging area, 15 minutes prior to the start of each event. A “first-call” will be given over the PA system for athletes to report to the staging area. It is your responsibility to get the athletes to the staging area on time. NO make-up divisions will be held and athletes will not be added to other divisions. After you leave athletes in the staging area, they will compete, receive awards and be released back to the coach. It is very important to get the events started on time first thing in the morning on both Saturday and Sunday. Coaches, you must have your athletes at staging by 7:45 a.m.

ATHLETICS FIELD EVENTS

Athletes should report directly to the competition venue (for staging) for each field event, i.e. Running Long Jump, Standing Long Jump, Turbo Javelin, Softball Throw and Shot Put when the appropriate age group is called.

If an athlete is in another event, it is the coach’s responsibility to notify that event of the delay. Athletes may have to be scratched from their respective field event if too much time has elapsed. Remember that running events take precedence over field events. Any athlete that is involved in a running event that causes him/her to miss the field event during their scheduled age group will be scratched.

RELAY EVENTS

Only those athletes listed as alternates on the registration form will be allowed to participate if a substitution is needed. Relay batons will be provided for all teams.

LOW MOTOR ABILITY EVENTS

All Low Motor Ability Events (bolded events on the track schedule) will be held in Mazie South High School Gym.
ATHLETE SCRATCHES

Any athlete that does not report to staging, or make their competition age group will be scratched. Please turn in the I.D. badges for scratched athletes.

Dealing With The Crisis - The key to dealing with a crisis and minimizing the effects are:
- Take immediate action when the crisis occurs
- Communicate well with all identified individuals
- Deal with the situation in a calm and factual manner

INCLEMENT WEATHER PLAN

Special Olympics Kansas will not be able to offer a Rain Plan for the 2022 Summer Games. Teams will be responsible for their athletes should competition be suspended due to rain or other inclement weather. Special Olympics Kansas will make every attempt to keep everyone well informed should the Games be delayed or cancelled. Call the SOKS office at 913-236-9290, press 5.

Should the weather cause the suspension of any competition, that event will be cancelled. Meals will still be available, including the banquet and dance. Should rain set in for the entire weekend, announcements would be made as to what event/activities would or would not be cancelled. If competition is postponed for a few hours and the weather improves, the schedule will be picked up and corresponded to original event schedule. Time will not allow the schedule to backup and re-run lost events.

Special Olympics Kansas would like to apologize that more could not be done to maintain a quality event in case of bad weather. Everyone’s cooperation would be greatly appreciated. Please contact Special Olympics Kansas at 913-236-9290, ext 108 if you have any questions.
Soccer Ability Levels

Level I 5-a-side
This division is for the higher skilled 5-a-side teams. Athletes in this division could play 11-a-side but may not have enough players to form a 11-a-side team. The field will be 50m X 35m, with the goal 4m X 2m. The duration of the games will be two 20-minute halves.

Level II - 5-a-side
This level is for teams of lower abilities - athletes that have never played the game or ones who are not very athletically inclined. The field will be 40m X 30m, with the goal 4m X 2m. The duration of the game will be two 20-minute halves.

Start of the Game
Each team will meet with one of referees to make sure everyone is wearing shin guards.

A coin flip will determine which team starts the game with the ball. The other team will start the 2nd half with the ball.

Rule Modifications
Unlimited substitutions – players may return to the field after being substituted.

Tie Breaker procedure:
  a. 5 minute sudden death overtime.
  b. Shoot-out (5 players)

Ball out on the sidelines will be played by throw-ins.

Ball over the end line by the defense will be played in by a corner kick from the offense.

Ball over the end line by the offense will be played as a goal kick.

Goalie can either kick or throw the ball in after a save, but the ball cannot land past mid-field without the ball hitting another player or the ground in front of the mid-field line. If this happens, it is the other teams’ ball at mid-field.
ATHLETE HOUSING POLICY

INTRODUCTION

Special Olympics is an athlete-centered movement that welcomes athletes with intellectual disabilities of all abilities to participate in sports training and athletic competition. Special Olympics is open to persons with intellectual disabilities over the age of eight and offers a Young Athletes program for individuals with intellectual disabilities under the age of eight.

The health and safety of all Special Olympics participants is of paramount importance to Special Olympics. Participants should feel that every Special Olympics event is a safe and positive experience and should not be fearful of other athletes, coaches or volunteers.

Arranging housing for overnight events involves the consideration of a variety of factors, including the varying abilities, ages and behaviors of athletes, the availability of housing and the costs associated with overnight accommodations.

POLICY

Requirements

1.) Gender – Athletes and volunteers may not share a room with an athlete or volunteer of the opposite sex. Local Programs may allow the following exceptions:

a. Married athletes who are both attending the event as members of a registered delegation. This exception does not apply to the spouse of an athlete who is not participating in the event, but attending solely as a spectator.

b. Married volunteers who are both attending the event as members of a registered delegation. This exception does not apply if one of the volunteers is required to share a room with an athlete (other than the married couple’s child), if this scenario will create a situation whereby an athlete is housed with a volunteer of the opposite sex.

c. Family members of the opposite sex who serve as a one-to-one chaperone for the related athlete.
ATHLETE HOUSING POLICY (Cont’d)

d. Housing in a facility that has multiple private rooms in addition to living space (such as a condominium or dormitory). Both males and females may be assigned to one condominium, if necessary, but private rooms may not be shared by individuals of the opposite sex. Coaches must also be housed in the condominium and the coach/athlete ratio (as outlined in the supervision section of the policy) must be maintained.

e. Use of barracks or other facility (such as gym) where a large number of individuals are assigned to one room. Athletes and volunteers must be separated as much as possible by gender (for example, females on one side of the gym and males on the other side).

2. Supervision

The coach/athlete ratio of at least one properly registered coach to every four athletes must be maintained during overnight events. Proper supervision can be maintained without having a coach present in the room at all times. All coaches must be screened in accordance with the Special Olympics Kansas Volunteer Screening Policy.

3. Young Athletes

Young Athletes events that involve overnight activities require increased supervision and therefore, Young Athletes participants must be accompanied by a properly registered and screened parent, guardian or an individual designated by a parent or guardian at all overnight activities. Rooming assignments for Young Athletes should be separate from the remainder of the delegation, whenever possible (for example, separate hotel rooms).

4. Implementation

Local Programs are responsible for implementing the policy for their delegation.
